

Ksurgery is a Vidapharma brand founded in 2011 with the aim of providing unique skincare products and innovative medical devices with undisputed scientific value.

The best technology, combined with safe, effective ingredients, 100% Made in Italy.

From formulation, packaging and shipping, Ksurgery's value chain is an essential strategic asset. All processes are conducted internally to the highest standards of quality.

All the medical expertise developed by our research laboratories is put at the disposal of our skincare products, in a perfect combination of science and cosmetics. The result is a safe, effective and unforgettable product perfectly developed to target specific skin concerns.

MADE IN ITALY LABORATORY

Our in-house labs are the beating heart of our company. A wide range of the best technologies ensures a production process based on safety and quality. All our production processes are compliant with Certification UNI EN ISO 13485 for the production of Medical Devices, and Certification UNI EN ISO 22716 for Good Manufacturing Practices (GMP) for Cosmetics.

PURITY AND EFFICACY

We choose only the best internationally regulated active ingredients and raw materials. We create and develop formulas with highly pure ingredients, for ever-effective products. Ksurgery medical device line offers a wide range of formulas with hyaluronic acid, which, thanks to their different concentrations, meet any kind of need and ensure an immediate, safe and non-invasive effect.

TC PLUS

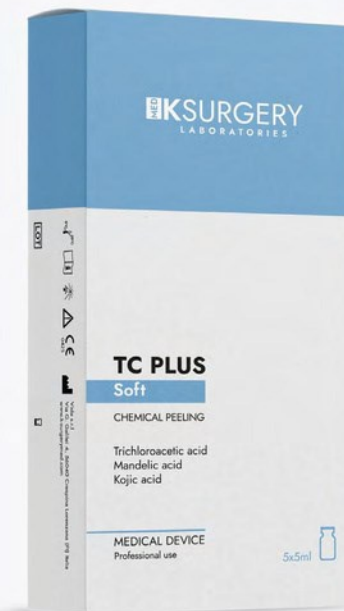

| Strong

| Soft

TC PLUS is a topical medical device (IIa) composed of trichloroacetic acid, mandelic acid and kojic acid, with a specific exfoliating action, to treat acne lesions and skin discoloration.

The peel's exfoliating action removes the dead cells from the corneal layer, and promotes cell turnover, by stimulating the skin regeneration.

TC PLUS is an excellent treatment to restore the ideal skin conditions. A quick and painless treatment, perfect at any age, even on sensitive skin.

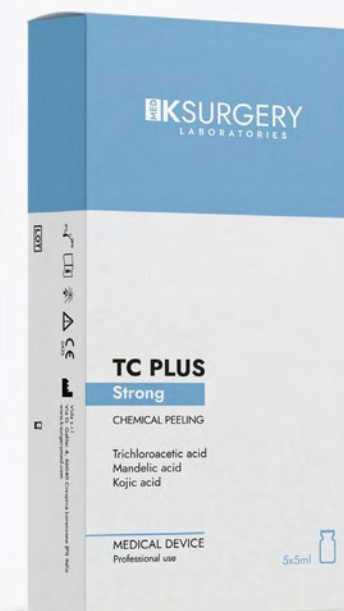

TC PLUS Soft - TCA 12%

Surface chemical peeling for a mild exfoliation and depigmenting action, to treat mild discoloration. Removing the most damaged outer layer promotes cell rejuvenation and reduces wrinkles, surface scars and skin spots.

Application:

Corneal and granular skin layer, to treat mild acne lesions (comedones) and surface scars

Pack: 5 x 5ml

TC PLUS Strong - TCA 20%

Chemical peel with a high trichloroacetic acid concentration for an intense exfoliation and depigmentation to treat major discoloration. Removing the most damaged outer layer, promotes cell rejuvenation, and reduces wrinkles, mid-surface scars and skin spots.

Application:

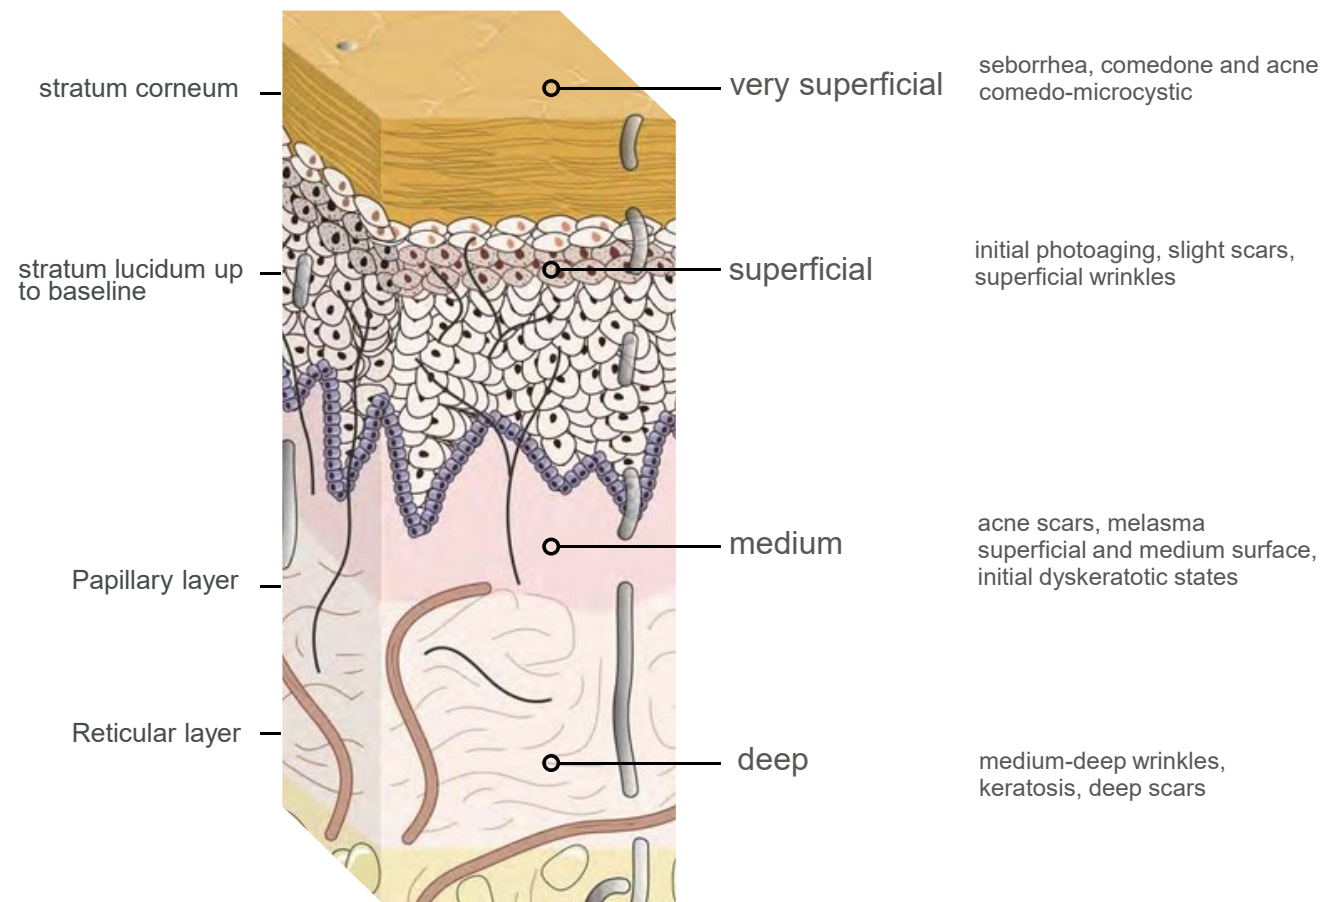

The entire skin thickness, to treat moderate to severe acne lesions (papules, pustules, nodules and cysts) and deep scars.

Pack: 5 x 5ml

KPEELS

A wide range of chemical peelings for skin-cosmetic purposes, which cause controlled skin damage through the application of organic acids.

GLICOLIC 50

50 ml

2.5

Treatment

- Acne and acne scars
- Hyperpigmentation and sun damaged skin
- Dark complexion and signs of aging
- Generic irregularities of the skin and thin wrinkles from oxidation
- Uneven skin tone

Composition

Glycolic Acid (Carboxylic Acid)

PIRUVIC 40

50 ml

2.5

Treatment

- Active acne, acne rosacea and post acne
- Couperose skin
- Seborrheic dermatitis
- Actinic and hyperkeratosis keratones
- Fine wrinkles
- Post-inflammatory hyperpigmentation
- Melasma and chloasma

Composition

Piruvic Acid (Alpha-keto Acid)

LACTIC 40

50 ml

2.5

Treatment

- Hyperpigmentation related to photoaging
- Chloasma
- Post-inflammatory hypermelanic spots
- Dull and Dehydrated skin
- Impure and acneic skin

Composition

Lactic Acid (Alpha-hydroxypropionic Acid)

MANDELIC 40

50 ml

2.5

Treatment

- Dark spots on the face - Uneven skin tone
- Repair sun damage
- Acne

Composition

Mandelic Acid (Alpha-hydroxy Acid)

SALICILIC 2

50 ml

2.5

Treatment

- Acne (comedogenic and papule pustular)
- Papule-pustular rosacea
- Post inflammatory hyperpigmentation
- Epidermal melasma
- Mild Photoaging

Composition

Salicylic Acid (Carboxylic Acid)

PROFESSIONAL

Bring the safety and efficacy of Hyaluronic Facial treatments into your skin care practice and clinic.

The Hyaluronic line of professional facial products is based on extensive research into the most effective combinations of Hyaluronic Acid and Active Ingredients which guarantee excellent results and address all skin care concerns.

CLEANSING

Essential Foam cleanser 170 ml

Soft cleansing mousse that removes make-up and impurities from the skin, leaving it soft and hydrated.

Sensitive Foam cleanser 170 ml

Cleansing mousse suitable for all skin types, even the most delicate. With hyaluronic acid, panthenol and cornflower extract.

Enzymatic foam cleanser 170 ml

Detergent mousse for oily skin tendency for an immediate regenerating effect and skin renewal. With hyaluronic acid, papain and complex of proteolytic enzymes.

SMOOTH + Rebalancing mousse - Purifying foam cleanser 170 ml

Rebalancing, purifying and cleansing mousse. A mix of salicylic and azelaic acids make this a unique product to normalise sebum production and leave skin glowing.

Essential Hydro-alcoholic cleanser solution 250 ml

A hydro-alcoholic solution with a cleansing and sanitising effect that prepares the skin for professional treatments.

Essential Soothing toner 250 ml

A gentle toner, suitable for all skin types, which rebalances the pH of the skin after cleansing and removes any residual impurities for better penetration of the active ingredients in treatments.

CREAMS

Oxygen Shield Blue Light Guard Cream 100 ml

Formulated with hyaluronic acid and a mix of anti-pollution and antioxidant active ingredients, this soft cream helps protect and repair skin from damage caused by digital and photo-induced aging, to smooth wrinkles and even out skin tone.

ACTIVE VIAL REBIO

A line of professional vials with a high concentration of active ingredients for skin biorevitalisation. Particularly suitable for both electroporation and micro-needling.

ReBio Deepest | 5x5 ml

Sterile vial for intensive antiage treatment. An exclusive formula consisting of +10 different active ingredients to regenerate tissues deep down and revitalise skin.

ACTIVE INGREDIENTS:

- Sodium Hyaluronate
- DMAE
- Vitamin PP
- N-Acetyl-cysteine
- Arginine
- L-Proline
- Glycine
- Argireline

ReBio BTX Lift | 5x5 ml

A botox-like shock treatment. The synergy of the two powerful peptides in the formula simulates the inhibition of the production of the neurotransmitter responsible for muscle contraction, relaxing the forehead, eye and mouth area.

ACTIVE INGREDIENTS:

- Hexapeptide
- Argireline

ReBio Multivit+ | 5x5 ml

Sterile vial for multi-vitamin treatments to revitalise young or impure skin types. An exclusive mix of 4 different vitamins combined together to perform an important antioxidant action for healthier-looking, radiant skin.

ACTIVE INGREDIENTS:

- Peptide
- Vitamin PP
- Vitamin E
- Vitamin B6
- Vitamin B1
- Ethyl Ascorbic Acid
- Panthenol

ACTIVE VIAL HYALURONIC

Time Solution Active vial | 5 x 3 ml | ANTIAGE

A sterile vial that reactivates cell turnover and acts on wrinkles, smoothing and plumping facial skin.

- High Molecular weight Hyaluronic Acid, 5 bio-fermented growth factors (EGF, IGF-1, FGF acid, alkaline FGF and VEGF), Glycosaminoglycans, Vitamins

Instalift Active Vial | 5 x 3 ml | LIFTING

Active sterile vial designed to hinder sagging of the skin and the formation of wrinkles. It offers an immediate lifting effect combined with a long-term action.

- High Molecular weight Hyaluronic Acid, Extract from Acacia Spinosa seeds, Mannitol, Vitamin B3

Hydrawave Active Vial | 5 x 3 ml | HYDRATING

Sterile vial with wetting action. It moisturizes and counteracts the feeling of extreme dryness and protects against cracking.

- High Molecular weight Hyaluronic Acid, Glycerin, Erythriol, Hibiscus Extract

Oxygen Shield Active vial | 5 x 3 ml | OXYGENATING

An active sterile vial created to provide the mature skin or skin exposed to environmental stress skin with a full boost. It restores the right levels of oxygen and energy within the skin.

- High Molecular weight Hyaluronic Acid, Exiguobacterium fermented extract, Taurine, Ribes Nigrum (Blackcurrant bud extract)

Vitamin C Active vial | 5 x 3 ml | ILLUMINATING | ANTIOXIDANT

Sterile vial with antioxidant, lightening and illuminating action. It acts on photo-ageing damage by promoting collagen and elastin synthesis.

- Hyaluronic Acid, Ethyl Ascorbic Acid, Tripeptide 33, Glutathione

Smooth+ Active vial | 5 x 3 ml | PURIFYING

Active sterile vial with a sebum-regulating action. Used to treat problems linked to skin with acne and excess oil.

- Microencapsulated Salicylic Acid, Stabilised derivative of Azelaic Acid, Niacinamide (Vitamin B3), Vitamin B6, Hyaluronic Acid

COCKTAIL PEELS

Vitamin C Unifyng Cocktail peeling 15 ml

A professional peel that works on radiance. It particularly acts on keratinisation, hydration and hyperpigmentation.

- High Molecular weight Hyaluronic Acid, Ascorbyl Glucoside, Citric Acid, Lactic Acid, Lactobionic Acid

Essential Renewer Cocktail peeling 15 ml

An innovative combination of AHA, amino acids and Hyaluronic Acid. It stimulates natural cell renewal, leaving the skin feeling much firmer as well as smoothing away fine lines on the face. Ideal for combating the signs of ageing.

- High Molecular weight Hyaluronic Acid, Lactobionic and lactic acid, Lysine, Glycine and Proline

SMOOTH + Sebum-active cocktail peeling 15 ml

Powerful cocktail with keratolytic, anti-grease action on the skin. Used to boost purifying treatments.

- Succinic Acid, Citric Acid, Mandelic Acid, Stabilised derivative of Azelaic Acid, Salicylic Acid, Azelaic Acid

Technical Care Enzyme peeling 100 ml

Gel with exfoliating action, suitable even for the most sensitive skin types. It dissolves the bonds between the detaching cells, giving new radiance to the face, while glycerin increases the state of skin hydration. Excellent alternative to AHAs during the summer.

Essential Mousse

A cleanser for every skin type

A good daily facial cleansing is essential, whether or not you use makeup. The correct cleansing is aimed at removing impurities so that our skin can shine and recover its natural balance.

Every skin needs its specific cleansing and for this Ksurgery has created 4 different formulations to meet every need.

- 1 Essential foam cleanser**
170 ml
Cleansing mousse suitable for all skin types, including the most delicate ones. It contains hyaluronic acid, panthenol, and cornflower extract.
- 2 Sensitive foam cleanser**
170 ml
Cleansing mousse suitable for the most delicate and sensitive skin prone to redness. With hyaluronic acid, Canadian willow extract and hibiscus in witch hazel water.
- 3 Brightening foam cleanser**
170 ml
Cleansing mousse suitable for opaque, dull and stressed skin. With hyaluronic acid, stabilized derivative of Vitamin C and peony extract.
- 4 Enzymatic foam cleanser**
170 ml
Cleansing mousse suitable for impure-prone skin for an immediate revitalizing and skin-renewal effect. It contains hyaluronic acid, papain and proteolyte enzyme complex.

Essential Tonic

Try your new cleansing routine

Its five hyaluronic acid molecules and multiple active ingredients make it a versatile product for all skin types.

Soothing tonic | 250 ml

A mild tonic that is suitable for all skin types that rebalances the pH of the skin after cleansing and removes any residual impurities.

Time Solution

Time Solution is the perfected anti-ageing recipe

An innovative cosmetics line with hyaluronic acid for revitalising and plumping purposes: a pure youth activator for your clients' skin. It helps to counteract the loss of elasticity and vitality typical of ageing skin. It reoxygenates the tissue, gives new firmness, and counteracts the signs of ageing.

- ① **Youth Activating Face Serum**
30 ml
An extraordinary serum containing 5 different molecules of hyaluronic acid and a fluid texture; it fills in wrinkles from within and relaxes the face while giving it intense hydration.
- ② **Re-Age eye contour serum**
15 ml
Just a few drops of this treatment boosted by hyaluronic acid and specific active ingredients are enough to moisturise the skin deep down and prevent fine lines.
- ③ **Revitalizing cream**
50 ml
The light texture is perfect for combination and oily skin. Its formula, which is rich in vitamins A and E, has an intense revitalising action.
- ④ **Plumping face filler cream**
50 ml
A rich, nourishing texture that is perfect for accompanying the skin during its night-time regeneration. It repairs and plumps even the driest and most damaged skin.
- ⑤ **Overnight biphasic peel**
15 ml
Biphasic treatment with acid phase to combat the signs of aging and a mix of nourishing oils vegetables to regenerate and moisturize the skin.
- ⑥ **Face ampoule**
7 x 2 ml
It counteracts the signs of ageing, hydrating deep down, and reducing the formation of wrinkles from within.

InstaLift

Together we can slow down the ageing process

It gives your skin an instant lifting effect, which minimises wrinkles and strengthens and fills the skin tissue, redesigning the face and smoothing the décolletage.

An incredible range of cosmetic products with hyaluronic acid for fresher skin and a more youthful appearance.

- ① **Multi lift booster**
15ml
A hi-tech treatment that redesigns the oval of the face, firming, rehydrating, and smoothing. With its high molecular weight formula and Acacia seed extract, it offers an immediate lifting effect.
- ② **LiftUp eye serum**
15 ml
Effective eye contour treatment for an immediate lifting effect. It makes the eye area firmer, more elastic and smoother.
- ③ **Reshaping ultra lift cream**
50 ml
A lifting solution boosted with four hyaluronic acids to nourish the skin, activating the rapid reduction of expression lines and deep wrinkles, reshaping the oval of the face.
- ④ **Double action lift-active mask**
50 ml
An ally of more mature skins, this dual-action treatment helps restore tone and elasticity and reduce tension. Effective for intense night-time regeneration.
- ⑤ **Face ampoule**
7 x 2 ml
A powerful lift-action via that redefines the shape of the face and smooths out wrinkles with an immediate firming sensation.

Hydrawave

The skin needs hydration at every age

A line of cosmetic products, perfected and specially designed and formulated to help moisturise the skin, keeping it more elastic and toned. It helps prevent and combat the signs of ageing, making the face appear brighter and more compact.

① **Pro-Age Face Serum**
30 ml

An extraordinary serum that fights ageing for a natural, timeless appearance, leaving the skin supple and toned for up to 72 hours.

② **Prejuvenation light cream**
50 ml

An elasticising treatment with a delicate texture that improves skin tone and renews firmness.

③ **Face ampoule**
7 x 2 ml

An ideal vial for even the driest skin. It improves firmness, helps reduce fine lines, and restores correct moisture levels.

Vitamin C

Show your true light

Hyaluronic acid and Vitamin C combat the signs of ageing and act in harmony against free radicals. A special luminescent active ingredient is able to collect light and transform it into a source of radiance directly on the skin.

① **Antiox Booster**
15 ml

Anti-age and anti-oxidant shock treatment, which prevents the formation of wrinkles and fights free radicals.

② **Glow-Effect Cream**
50 ml

Special luminescent active ingredients guarantee a true Glow effect. An extraordinary nourishing cream, ideal for the driest skins.

③ **Oxygenating cream gel**
50 ml

Its special formula with coenzyme Q10 is a real energy boost for the skin: it leaves the face immediately more radiant and vital.

④ **Overnight biphasic peel**
15 ml

A night-time peel that promotes skin regeneration. It regulates the pH, evens out the complexion, and nourishes the skin.

⑤ **Face ampoule**
7 x 2 ml

An active vial, formulated with a powerful pool of active ingredients with antioxidant, anti-age and vaso-protective properties.

Oxygen Shield

Welcome to protective skincare

The Ksurgery laboratories offer a complete course of treatment against the damage caused by urban and domestic pollution and digital light sources; treatments specially formulated to provide the skin with a new source of oxygen.

- 1 Energizing booster**
30 ml

Energising and plumping oxygenating serum: for fortified, radiant skin. Counteracts the effects of skin ageing and corrects the dullness of the skin caused by stress, smog and smoking.
- 2 Blue Light Guard cream**
50 ml

A gel cream that provides the skin with a shield against damage caused by the urban environment. Its special Blue Light Guard technology protects against digital ageing, helps to reduce wrinkles, and evens out skin tone.
- 3 Face ampoule**
7 x 2 ml

A “Flash Beauty” treatment containing a high percentage of active ingredients, capable of reinforcing the skin barrier and creating an instant film to protect the skin against the damaging effects of blue rays.

Dionis RcO

From the Ksurgery experience, a revolutionary treatment for mature skin

The first line to combine the regenerating and antioxidant power of oak meristem stem cells with four different molecular forms of hyaluronic acid for a perfect hydration and a fantastic lifting effect. High quality and excellent dermo cosmetic performance for visible results from the very first applications.

- 1 Invigorating face serum**
30 ml

Rich in ingredients with moisturising and lifting properties. Powered by a senescence-marker tripeptide that reduces the signs of ageing by reinvigorating cell tone and functionality.
- 2 Restorative rich cream**
50 ml

A sumptuous cream with a light but nourishing touch, formulated from a pool of active ingredients that act on the imperfections associated with ageing.
- 3 Day and Night dockable mask**

Revolutionize your skincare routine with our innovative hydrogel face mask. Designed with a unique two- point anchorage system, this mask targets the V-line, for an immediate lifting effect.
- 4 Ultra restorative rich cream**
50 ml

A luxury rich cream, meticulously formulated with a wealth of active ingredients offering multi-faceted anti-aging benefits. It’s an ideal choice for skins that are severely damaged or depleted
- 5 Eyes and lips serum**
15 ml

This advanced blend of active ingredients specifically targets expression lines, delivering a smoothing effect in the delicate eye and lip contour areas.

Sensitive

The result of KSurgery's ongoing research and close partnerships with dermatology experts, the Sensitive line is a perfect combination of science and innovation.

It is a particularly mild line of products designed specifically for sensitive and reactive skin with a protective, nourishing and antioxidant action, developed to ensure dermatological safety for a soothing yet effective restorative response.

- ① **RS Rich cream**
50 ml
Rich-textured face cream with an intensive and restorative action. Its specific active ingredients help protect the skin from environmental agents and promote the natural collagen production process. It contains sunscreens.
- ② **RS Gel cream**
50 ml
Facial gel cream with a light and fresh texture. It melts into the skin to provide deep comfort and delivers an emollient effect thanks to its active ingredient complex.
- ③ **Active RS**
15 ml
Intensive treatment for localized application. It helps to soothes the skin, minimizes redness and decongests particularly sensitive or reddened areas of the face.
- ④ **RS Eye contour**
15 ml
Cream developed specifically for the most delicate eye contour areas, with special soothing and decongestant properties. The special ophthalmic applicator enables targeted application to deliver a feeling of instant relief.

Smooth

Repair and regenerate

An innovative line to help impure, acne-prone skin, offering a specific support in cases of imperfections at the different stages in their development.

An advanced, safe treatment formula to help regulate the unsightly problems caused by hyperseborrhea, improve the appearance of blemishes and renew the grain of the skin.

- ① **Balance mousse**
170 ml
Rebalancing, purifying cleansing mousse. A mix of salicylic and azelaic acids make this a unique product to normalise sebum production and leave skin glowing.
- ② **SOS Stop spot**
15 ml
Concentrated purifying SOS serum. Thanks to the high concentration of astringent, keratolytic active ingredients, this serum is an excellent aid in combating excess sebum, comedones, and dilated pores.
- ③ **Pure Skin Gel with salicylic acid**
75 ml
Purifying gel formulated for impure skin types. Precious active ingredients help to improve the look of excessively oily skin, limiting the formation of new imperfections.
- ④ **Biphasic peeling**
15 ml
Biphasic cocktail developed to treat impure and acne-prone skin. The mix of azelaic, succinic, and salicylic acid has an exfoliating action to remove impurities and prevent the formation of blackheads. The mix of oils soothes and unclogs.

SYN

Protect the skin, respect the Ocean

SYN sunscreens have been formulated with sunscreens that respect marine biodiversity, while ensuring maximum protective effectiveness against UVA and UVB rays. SYN's harmful agent-free and very water-resistant sunscreens protect the sea and coral reefs with environmentally friendly formulas.

① **SYN SPF 50**
150 ml

Ideal protection for the most delicate phototypes and for first-time exposure to the sun. Packed with postbiotics and vitamins, it protects the skin, moisturises and defends against free radicals.

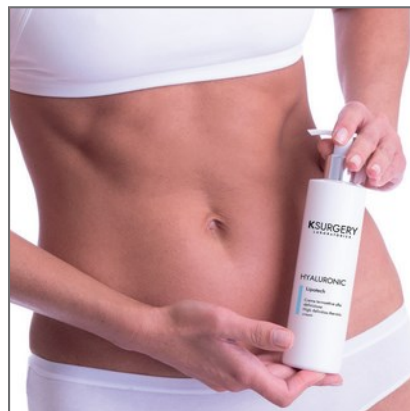

COSMETIC BODY RETAIL

Discover a secret of beauty: hyaluronic acid is not only for the face! It moisturizes, tones and pre- serves the youth of the skin. Combined with innovative biotechnological active ingredients and natural ingredients of the highest purity, Hyaluronic Acid creates a wide range of body treatments with combined actions for uncompromising beauty.

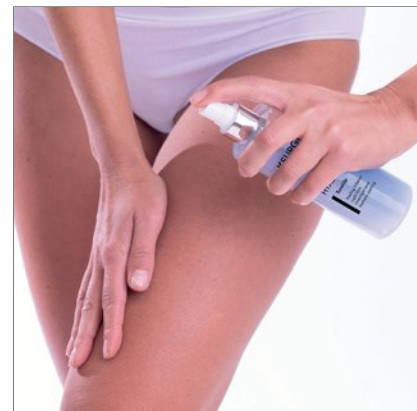

Rich variety of textures and sizes, to meet the main needs and desires. The body skin is nourished, the silhouette renewed.

Novacell | *Anticellulite*

Lipotech | *Stimming*

ToneUp | *Firming*

Novacell | Lipotech | ToneUp

① **Novacell**
New Skin Body Cream
250 ml

A cream with a targeted action that combines phytotherapy principles to combat and prevent cellulite. Supple, hydrated skin in a complete treatment against cellulite and water retention.

② **Lipotech**
High-definition thermic cream
250 ml

A thermogenic cream that acts on imperfections related to fat deposits: the heat generated works deep down on the tissues, stimulating the microcirculation and promoting the elimination of liquids and toxins

③ **ToneUp**
Firming Body cream
250 ml

Counteracts sagging skin by keeping it toned and supple. A rich, creamy texture for a compact, velvety effect. Irresistible as a massage cream.
